

#	Questions
1	How important is familiarity with the route compared to the economy of the route when choosing a route?
2	How important is familiarity with the route compared to the convenience of the route when choosing a route?
3	How important is familiarity with the route compared to the driving time of the route when choosing a route?
4	How important is familiarity with the route compared to the traffic conditions of the route when choosing a route?
5	How important is familiarity with the route compared to the road conditions of the route when choosing a route?
6	How important is familiarity with the route compared to the driving distance of the route when choosing a route?
7	How important is familiarity with the route compared to the road slope of the route when choosing a route?
8	How important is economy with the route compared to convenience when choosing a route?
9	How important is economy with the route compared to driving time when choosing a route?
10	How important is economy with the route compared to traffic conditions when choosing a route?
11	How important is economy with the route compared to road conditions when choosing a route?
12	How important is economy with the route compared to driving distance when choosing a route?
13	How important is economy with the route compared to road slope when choosing a route?
14	How important is convenience with the route compared to driving time when choosing a route?
15	How important is convenience with the route compared to traffic conditions when choosing a route?
16	How important is convenience with the route compared to road conditions when choosing a route?
17	How important is convenience with the route compared to driving distance when choosing a route?
18	How important is convenience with the route compared to road slope when choosing a route?
19	How important is driving time with the route compared to traffic conditions when choosing a route?
20	How important is driving time with the route compared to road conditions when choosing a route?
21	How important is driving time with the route compared to driving distance when choosing a route?
22	How important is driving time with the route compared to road slope when choosing a route?

23	How important are traffic conditions with the route compared to road conditions when choosing a route?
24	How important are traffic conditions with the route compared to driving distance when choosing a route?
25	How important are traffic conditions with the route compared to road slope when choosing a route?
26	How important are road conditions with the route compared to driving distance when choosing a route?
27	How important are road conditions with the route compared to road slope when choosing a route?
28	How important is driving distance with the route compared to road slope when choosing a route?
29	Considering familiarity with the route, how important is the highway compared to the main road when choosing a route?
30	Considering familiarity with the route, how important is the highway compared to the secondary road when choosing a route?
31	Considering familiarity with the route, how important is the main road compared to the secondary road when choosing a route?
32	Considering the economy of the route, how important is the highway compared to the main road when choosing a route?
33	Considering the economy of the route, how important is the highway compared to the secondary road when choosing a route?
34	Considering the economy of the route, how important is the main road compared to the secondary road when choosing a route?
35	Considering convenience of the route, how important is the highway compared to the main road when choosing a route?
36	Considering convenience of the route, how important is the highway compared to the secondary road when choosing a route?
37	Considering convenience of the route, how important is the main road compared to the secondary road when choosing a route?
38	Considering driving time of the route, how important is the highway compared to the main road when choosing a route?
39	Considering driving time of the route, how important is the highway compared to the secondary road when choosing a route?
40	Considering driving time of the route, how important is the main road compared to the secondary road when choosing a route?
41	Considering traffic conditions of the route, how important is the highway compared to the main road when choosing a route?
42	Considering traffic conditions of the route, how important is the highway compared to the secondary road when choosing a route?
43	Considering traffic conditions of the route, how important is the main road compared to the secondary road when choosing a route?
44	Considering road conditions of the route, how important is the highway compared to the main road when choosing a route?
45	Considering road conditions of the route, how important is the highway compared to the secondary road when choosing a route?

46	Considering road conditions of the route, how important is the main road compared to the secondary road when choosing a route?
47	Considering road conditions of the route, how important is the highway compared to the main road when choosing a route?
48	Considering road slope of the route, how important is highway compared to secondary road when choosing a route?
49	Considering road slope of the route, how important is main road compared to secondary road when choosing a route?
50	Considering driving distance of the route, how important is highway compared to main road when choosing a route?
51	Considering driving distance of the route, how important is highway compared to secondary road when choosing a route?
52	Considering driving distance of the route, how important is main road compared to secondary road when choosing a route?
